

You're Invited to Bend the Trend with UHC

WELLS
FARGO

Tuesday, July 19 or Thursday, July 21 from 9-11
at Wells Fargo Insurance Services

Bend the Trend is a program through United HealthCare that provides substantial premium discounts based on employer strategy and employee engagement. Based on the level of engagement and outcomes, you have the opportunity to Bend Your Health Care Trend. How much? – the premium discounts can be very significant.

Although this concept is designed for fully-insured groups of 100+, the concept can also be useful in lowering cost for self-funded groups.

During this special Bend the Trend event, we will explain how the program works, review financial models, and explain how we can help you implement a wellness program that actually includes ROI

Space is limited. Please RSVP by e-mailing jeanette.maki@wellsfargo.com or call 614-324-2835.
