(All candidates are listed in alphabetical order by last name)

Steve King – Chief Executive Officer, Anne Grady Services

Steven J. King, CEO at Anne Grady Services since April 2022. Steve was born and raised in Northwest Ohio and is a graduate of the University of Toledo. Steve has been with Anne Grady Services since June of 2006. Initially, he served as Finance Director for several years and was promoted to the role of Associate Executive Director in 2018. Prior to his work at Anne Grady, Steve was employed in a CPA firm (Weber O'Brien). For over seven years, Steve was on the Mobile Meals of Toledo Board and served as the Treasurer of that

Board for many years. For over a decade Steve has served as the vice chairman for the Springfield Township Board of Zoning appeals.

I would be honored to continue to serve on the OPRA board representing District 4. At Anne Grady Services we provide ICF, Supported Living, Day Services, Respite and Transportation. Therefore, I am familiar with many aspects of DD services and would love to continue to be more involved on the front lines in dealing with changes to our systems. Having a deep background in budgeting, billing, financial management, etc. I feel I have a deep understanding of the Medicaid services and the issues that have a direct impact on providers large and small. Learning the nuts and bolts of the finances of this industry from the beginning has been a great help in monitoring, navigating, and advocating for improvements in our system. I look forward to the opportunity to continue on the OPRA board.

Jennifer Krach – Director of Operations, Assured Health Services

My name is Jennifer Krach. I am the Director of Operations at Assured Health Services. I began my career in the developmental disabilities field in 2010 as a Direct Support Professional (DSP) in California, working at a vocational day program. I advanced to the role of Case Manager within that organization and later transitioned to a similar position within a residential and program-based service provider.

In 2012, I relocated to Toledo, where I joined the Lucas County Board of Developmental Disabilities. I initially served as a Service and Support Specialist before moving into the Finance Department as an Accounting Specialist. This shift allowed me to gain valuable experience in social work and financial aspects of the field.

In 2017, I transitioned to the provider side, joining Assured Health Services as Director of Operations. Over the past eight years, I have led the organization through a period of significant growth and development. My role has evolved alongside the company, and I currently serve as President. In this capacity, I continue to focus on strategic planning, operational leadership, and ensuring the delivery of high-quality services to the individuals we support.

Since joining Assured Health, I have helped establish a provider network in Lucas County, which includes a few members from surrounding areas. We meet every other month to support one another, share resources, and

work collaboratively to solve challenges. Our goal is to continuously raise the bar in service delivery, and we actively welcome new members to strengthen our collective knowledge and impact.

With over 15 years of experience across multiple facets of the developmental disabilities system—from direct care to executive leadership—I bring a comprehensive perspective and a deep commitment to advancing the mission of inclusive, person-centered support.

As District Director, I would be committed to fostering a culture of partnership among providers—creating spaces for shared learning, open communication, and mutual support. Together, we can elevate the entire provider community and improve outcomes for the people we support.
