Meet Your District 8 Candidates

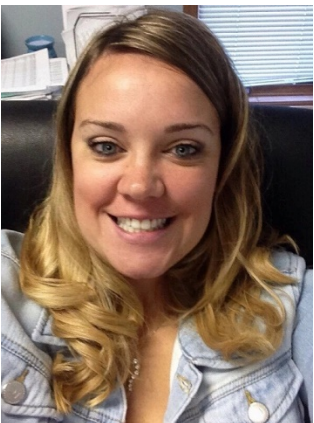

Stephen Colecchi – CEO, Hattie Larlham Community Services

I have the privilege of serving as CEO of Hattie Larlham after joining the organization as a consultant and Interim CEO on August 1, 2017. I served for 22 years as President of UH Portage Medical Center (formerly known as Robinson Memorial Hospital) before retiring in 2016. I also served as General Counsel for the hospital and previously served as Assistant Prosecutor for Portage County and Assistant Law Director for the City of Kent, Ohio. I have extensive experience as board member for organizations similar to OPRA, serving as a member of the board of directors of the Ohio Hospital Association, the Akron Regional Hospital Association and The Center of Health Affairs. I am a long time member of the board of directors of Direction Home (Akron-Canton Area Agency on Aging). I also served a nine year term (appointed by the Governor) on the Kent State University Board of Trustees from 2008-2017.

Although I am relatively new to the provider community, I believe that my broad background as a hospital CEO, attorney, and board member will bring a different perspective to the OPRA Board. I have extensive experience in working with the Ohio legislature on a number of issues involving the hospital and Kent State University over the years, which would bring added value to my role as an OPRA Board member. As we begin to work with a new Governor, a new Director of the Ohio DODD, and new an OPRA Executive Director, I think that my unique background would be of assistance to OPRA as we position OPRA and the provider community for the future.

Felicia Hall – Regional Director, ResCare Inc.

My name is Felicia Hall, I am the Regional Director for ResCare in Ohio. I have worked in the DD field for 10 years. I started out as a QIDP at a day program, and then worked my way up through various other positions. I have served on the OPRA board for about 2 years. I feel like I am a good candidate to continue on the OPRA board for your district because I am well versed in the whole DD system (ICF, Waiver, Day Services, etc). I am excited about the work we have done and would love to carry on the basis that was built, but also to help evolve the system, into the best it can be for the individuals we serve and more efficient for providers. I think we need to look to what the future holds and continue to grow and develop the younger generation within the field.
