

HEALTHCARE COMMITTEE

2/15/23

AGENDA

- Welcome and Introductions
- EMAR Presentations
 - Holly Gillespie and Amanda James, SafeDose Pharmacy
 - Julie Bowden, Therap
 - Babar Nawaz, iCareManager
- Overview of Do Not Resuscitate (DNR) Orders
 - Review of Robin Amicon's presentation last August, Of Counsel, Vorys
 - DNR Stakeholder Group
- Med Cert Training

GUEST PRESENTATIONS

- Finding an eMAR that works for your agency
- Holly Gillespie and Amanda James, SafeDose Pharmacy
- Julie Bowden, Therap
- Babar Nawaz, iCareManager

DNR

- Robin Amicon presented to the committee last August
 - Christine re-distributed the presentation earlier this morning (2/15/24)
- At the end of 2023, the Ohio Department of Health pulled together a stakeholder group to conduct a 5-year review of the DNR rule and associated forms
 - Hospitals, LTSS providers, hospice and homecare providers, physicians, Right to Life
 - Held first meeting mid-January; second meeting not scheduled
- ODH proposing minimal changes but is allowing stakeholders to put together suggestions

DNR

- Meeting was a bit chaotic
- Mostly sharing feedback with experiences from EMS and hospital perspective
 - Issues with clinicians writing on the form and misunderstanding how to use the form
 - Issue with DNR-CC and DNR-CCA- patients may want to be resuscitated but don't want to be intubated which current form and system doesn't allow
 - Clinicians thinking that because someone has a DNR, the patient doesn't want ANY care for ANY issue

DNR

- There was great discussion of if we should remove the distinction between DNR-CC and DNR-CCA
 - To be left with DD-CCA: all care should be provided until the point of respiratory or cardiac arrest
 - Allegedly this distinction was a result of discussions with DD and hospice advocates 20 years ago
 - The question for this group- does this split still make sense?
 - Are your DNRs mostly DNR-CC or CCA?
 - Thoughts?

HOT TOPICS

- Med. Cert. Training
 - Providers without nurses struggling to bring people on due to lack of med cert training and delegation oversight
- Conference
 - No health care track this spring
- Surveys
- Topics for next meeting?- 5/19
