Project Innovate: What's Trending?

Project Innovate: What's Trending?

What's Trending in Healthcare Delivery?

Join us to explore the healthcare delivery trends to watch in 2019/2020. Our experts will unravel the latest innovations in the healthcare delivery ecosystem, examine the pros and cons and discuss potential impacts. From Centers of Excellence to Narrow Networks, Direct Contracting to Reference Based Pricing and more – we'll give you a look into all the latest trends. You'll also hear directly from the healthcare systems in our area as they join us on a panel to answer your questions.

What's Trending in HR Technology?

We'll look at the state of the HR technology market, the dynamics currently driving the technology provider marketplace, and some of the trends that you may already be hearing about. We'll also explore innovative and unique service providers and the new solutions they're introducing to the market.

Featured Speakers:

- Christine Polisena – Trends and Hot Topics
- Don Leith – Innovations and Trends in HR and Benefits Technology
- Panel of Healthcare experts from Local Health Systems

Sponsors:

Approved for 3 HRCI and SHRM credits for attendees.
