

Workplace Stability

One Day Workshop

Tuesday, June 27, 2017

8:30 a.m. – 4:00 p.m.

This introductory workshop helps employers improve attendance, retention and productivity across an economically diverse workforce. If your business employs entry-level individuals from daily instable economic environments, only a deeper understanding of employee challenges and strengths will help you develop the programs, policies and communications needed to partner with your team members to allow them and the company to develop and thrive – impacting profits, performance and productivity. This workshop is structured for managers, supervisors, human resource executives and upper management.

- Stabilize your employee base
- Reduce hiring and training costs
- Identify and develop hidden talent within your organization
- Improve staff morale and cohesiveness
- Develop a reputation as an employer who cares

Facilitator and Author: Ruth Weirich, aha! Process, Inc.

Sponsors: Lucas County Commissioners, Lucas County Family Council and the Impact Coalition.

Funding made available through the Ohio Department of Job and Family Services Healthier Buckeye Council Grant.
