Prescription for the Gap:
A newly hired employee contacted the Success Coach seeking resources for medical assistance. The ee was eligible for medical benefits with her new employer, however, the benefits would not kick in for 60 days. In the meantime, the ee has been off of prescribed medication, because it was not affordable. The SC and Community Health Worker were able to connect the ee with an agency that was able to provide immediate necessary medical treatment and the medication that was needed.

Backpacks in Time for ... :
An employee stopped into the Success Coach's office, expressing some frustration, because school is about to begin, and the employee does not have the money for school supplies for her children. The coach and Community Health Worker provided her with a list of organizations that were giving away backpacks filled with school supplies. The employee contacted the Success Coach to say "Thank You", and that she will be receiving two backpacks, for her children.
