Having trouble making sense of confusing rumors regarding the Healthy Families Act?

Not sure how this would affect you and your business?

Then this training is for YOU!

Join OPRA and Attorneys from Vorys, Sater, Seymour and Pease as we review the proposed Ohio law that would require employers to offer 7 paid sick leave days.

Training will include:

What is the status of the Healthy Families Act and the process that resulted in the ballot initiative?

Will your business be affected or are your current personnel policies adequate?

How long before these changes take effect and how to prepare ahead of time?

What effect would Healthy Families Act requirements have on health and safety or disciplinary actions against an employee?

And much more...
