

Vocational Guidance Services (VGS) is proud to supply Personal Protective Equipment (PPE) for local community organizations and businesses. Our role in the fight against COVID-19 has reached a new chapter and we are honored to do our part to manufacture cloth masks and assist our community.

Masks are non-medical grade cloth material:

- 65% polyester
- 35% cotton

Ties are non-medical grade cloth material:

- 55% polyester
- 45% cotton

Fabric care instructions:

- Machine wash on cold with like colors
- Dry on low heat
- Do not use bleach

Vocational Guidance Services is a vocational rehabilitation agency with a mission to prepare people with barriers to employment for a brighter future. Every year, we provide a comprehensive range of vocational rehabilitation services and paid work opportunities to nearly 4,000 individuals with intellectual and developmental disabilities, physical disabilities, a history of incarceration, injured veterans, and other barriers to employment. Since 1991, VGS has produced dress slacks for the U.S. Army. During this public health crisis, we are suspending production of pants for women in the United States Army and Marine Corps to focus our sewing department on producing the most in-demand products for the health care industry.

For general information about VGS please visit www.vgsjob.org or call 216-431-7800. For production sewing and mask orders please call Dan LaBianca at 440-666-9456 or DanielLaBianca@vgsjob.org
