

Driver and Passenger Protective Guards

877-696-2287

BSI is now offering Light and Heavy Duty driver and passenger protective guards for your bus or van. Help protect your people from spreading COVID-19. An effective and affordable way to help keep your passengers safer!

Heavy Duty Guard

Full Driver Protection

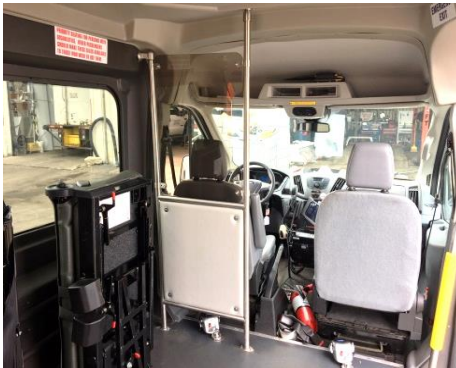

Our full length Heavy Duty Guard protects the driver from exposure to passengers. This guard is a durable, lasting solution to protect your drivers as a physical barrier from exposure for the life of your vehicle.

Made from one piece full length clear acrylic, the driver has full access to all normal driver controls and vehicle operations while protected from both the back and side. These full length panels are capable of detaching for driver exiting or access in any event needed including emergencies.

Light Duty Guard

Acrylic Guard

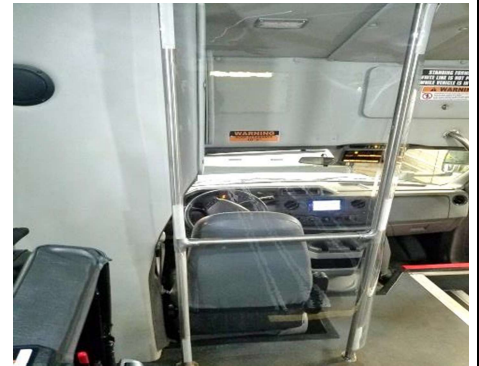

Partial Driver Protection

Our full length Light Duty Guard with custom design fully protects your driver at an affordable cost.

Design allows for driver to get out of the driver seat and into the passenger area in a quick and easy fashion. Our guard will automatically self adhere to shield the driver area while entering and exiting.

Clear Vinyl Guard

- Full Installation Available

- Does not impede cabin air flow or emergency exiting

- Can mount to existing stanchions/poles

Passenger Protection

Passenger clear vinyl guards easily pull down and latch to make it easy for your passengers to protect themselves. The clear guard does not impede passenger viewing or fully restrict air flow.

Simply unlock and let the guard self-retract to store. Customized mounting and installation is available.
