REFLECTIVE ENERGY SOLUTIONS

Reflective Energy Solutions (RES) is a team of independent advisors, helping you make the right energy decisions for your business - not the suppliers or vendors. We help you pay less for what you use and use less through efficiency measures. We are vendor neutral, allowing for consistent help for customers in selecting the right energy solutions for your business.

- Critical understanding of rules, regulations, and pricing strategies
- Secure the terms on energy costs by negotiating unadvertised rates
- Completes price comparison because of market fluctuations
- Contractual terms are as important as the price
- Savings are passed on directly to the customer

Reflective simplifies a complex process so you can make educated choices about your power needs

COMMITMENT TO EXCELLENCE - EVERY DAY

Businesses throughout the United States rely on total solutions by Blue Technologies. A local and national award-winning and industry-leading office technology provider.

Whether it's a single multi-function printer or an entire office network, we offer only the best products and services to help your business achieve its goals - independent of any single manufacturer or service.

Our business categories include:

- Office Equipment Solutions (copiers, printers, faxes)**
- IT Solutions**
- Productivity & Workflow Solutions**

Since our inception in 1995, Blue Technologies has grown and adapted within an involving industry to meet the needs of our customers.

However, what has not changed in that time is our core operating philosophy -

the Commitment to Excellence - EVERY DAY.
