OPRA members are pleased with our services

“CompManagement Health Systems has been instrumental in representing Horizons and providing guidance in bringing our employees back to the workforce. This has also provided us with a cost savings in our lost time wages and staffing needs. In addition, I have worked closely with CHS in building and managing our relationships with the care facilities where our injured workers seek treatment.”

— ANETTE MONTGOMERY, HORIZONS, INC.

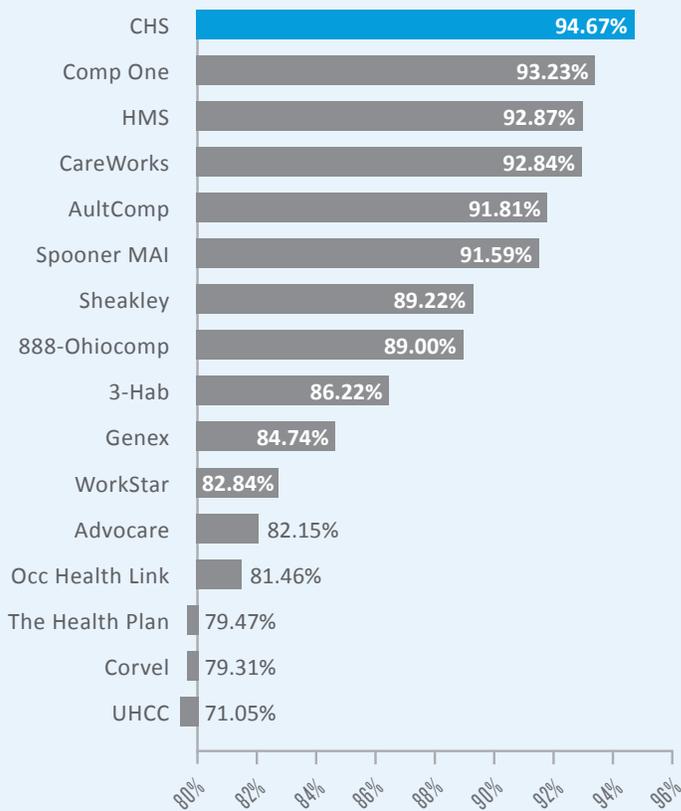

“The experience and knowledge that is set forth by your company is a testimonial in itself. Renaissance House has worked with CompManagement for several years for our workers’ comp claims. They have always been quick to respond to our needs and have partnered with us to reduce costs. We were encouraged to take part in the transitional work bonus program, which in turn helped us save 10% of our annual premium. I look forward to many more years of having CompManagement as our business partner.”

— ROSE GOSHE, RENAISSANCE HOUSE

“CompManagement staff has assisted Josina Lott Residential & Community Services by being available to answer any questions... and making tools available to assist us in lowering our costs for workplace accidents. As an example, we have worked with CHS to help us perfect our transitional work job descriptions. By putting these transitional work duties in place, we have been able to reduce temporary total compensation. While at the same time, our employees have shared how thankful they are for the opportunity to continue to work.”

— PATTY SCHLOSSER, JOSINA LOTT RESIDENTIAL & COMMUNITY SERVICES
