

Person Centered Thinking Exposure Training

Office of Project Management and Innovation

Est. 2012

Description:

This is a 2 day face to face training that will expose the participant to:

- ♦ Essential Person Centered thinking skills
- ♦ Practice tools and apply concepts so the lives of individuals will improve
- ♦ Learn skills needed for better partnerships, and learn more natural ways to contribute to a person's plan
- ♦ Applying the skills daily, results in changing behaviors that changes values

In order to change the lives of the people you support, you have to first think differently. This training will challenge you to think in a person centered way.

10 (ten) Continuing Professional Development credit hours in the following areas:
Superintendent, Adult Services, Service & Support Administrator

Cost: Free to County Boards and providers in Region V

Outside the Sector or outside Region V \$100.00

2017 dates:
