Did you know that the groundwork for our children's sense of sexuality is laid at a very young age? Do you have questions about puberty and the sexuality and relationship concerns that accompany it? Learn "The Facts of Life and More" with Leslie Walker-Hirsch, internationally recognized speaker, educational consultant, and author of *The Facts of Life and More: Sexuality and Intimacy for People with Developmental Disabilities*. Leslie will answer your questions and talk about the best ways to approach and teach sexuality.

In the afternoon, Leslie will hold a special session for professionals who work with adults with developmental disabilities. Often these trusted individuals receive little or no training regarding sexuality related issues. Please extend an invitation to providers, educators, social workers, anyone who works with teens or adults in our community. Parents are welcome to attend this session as well.
