Overview

Sharing of Services

- Initially, DODD stated that due to the complexities around figuring out how to 'blend rates', individuals who utilize Community Inclusion would not be able to share staff with individuals utilizing HPC under IO or Level One.
- However, DODD has determined a way in which sharing services could work from an operational standpoint. We believe we will have a way to accommodate this when the waiver goes-live.

SELF Waiver Overview

Ohio Department of Developmental Disabilities

Sharing of Services

- · In MSS, Individual on SELF waiver will be given a separate site from individuals on the other
- The portion of shared time from staff will be calculated and deducted from the hours delivered to those on other waivers.
- Shared hours will be applied as unscheduled HPC in MSS for those not on the SELF waiver.
- The claims for the SELF costs from these shared hours will go to FMS for payment

Ohio Department of Dovolopmental Disabilities **SELF** Waiver Overview The SELF Waiver in DODD Systems • PCW—As with other services, providers will need to request and be certified for each desired SELF waiver services except Participant-Directed Goods and MSS—separate site; only two service code options likely. The same codes will be in PAWS and MBS. • WMS—Same enrollment, PICT, and report information. MBS-SELF waiver billing will be sent to the FMS, not directly to DODD. Ohio Department of Developmental Disabilities **SELF** Waiver Overview Two new entities: • This waiver will add 2 primary components of participant-direction: Financial Management Services and - Support Brokerage • Both of these entities would exist to assist an individual in directing their own services as well as their budget 26 Ohio Department of Developmental Disabilities **SELF Waiver** Participant Direction OVERVIEW of the Financial Management Services (FMS)

- Data suggests that, when given the choice, individuals often prefer that someone other than themselves ensure that all financial obligations are met (e.g., taxes &

insurances are paid in accordance with regulations)

• What is the purpose of the FMS/why is one needed? - CMS' definition of Participant-Direction (i.e., Budget Authority and Employer Authority) consists of more than determining a budget and choosing providers.

- FMS entities have experience providing this function, which thereby allows for individuals to focus on directing their services.

Ohio Department of Developmental Disabilities **SELF Waiver** Participant Direction Financial Management Services (FMS) FMS' purpose is to assist the individual with managing their budget & to take out the necessary taxes/withholding to ensure that the employment meets State and Federal • In Self-Directed Waivers, use of a Financial Management Service is the accepted best practice by CMS • To start the waiver, DODD plans to have 1 statewide contract with an entity with experience providing FMS services Ohio Department of Developmental Disabilities **SELF Waiver** Participant Direction Financial Management Services (FMS) - cont'd • FMS will be paid for as an administrative activity (not as a waiver service) and will have a contract with DODD/ODJFS. · The FMS will allow for the individual's budget to be contained in one place for better tracking of expenditures. • In order for the FMS to track the individual's budget appropriately, <u>ALL</u> claims for SELF Waiver Services will be submitted to the FMS for payment. The FMS will require an ISP & budget approved by the CB to pay claims accordingly. 29 Ohio Department of Developmental Disabilities **SELF Waiver** Participant Direction **Participant Direction** • Everyone on this waiver will be required to engage in participant direction. Two components will be offered in the SELF waiver: Budget Authority Employer Authority

30

The individual may choose one or both of these.

Ohio Department of Developmental Disabilities **SELF Waiver** Participant Direction **Budget Authority** Allows the individual (or representative) to allocate their budget to waiver services however they choose, and to manage their budget accordingly An individual must choose Budget Authority for at least one of the applicable services they select. Nearly all services offered within the SELF waiver will have the option of budget authority. Adult Day Supports, Vocational Habilitation, Supported Employment - Enclave and Non Medical Transportation do not have the option of Budget Authority or Employer Authority applied to them. Ohio Department of Developmental Disabilities **SELF Waiver** Participant Direction **Employer Authority** - Allows the individual to hire, fire, direct, manage, etc., their workers. There are two Employer Authority options: Common Law Employer, where the individual is the Employer of Record (meaning the individual that holds the liability for wrongful termination lawsuits and ensuring taxes, unemployment, workers' comp, etc. are deducted). • Co-Employer, where the individual enters into an arrangement whereby a 3rd party is the Employer of Record on the individual's behalf. [This is also known as the 'Agency with Choice' Model.] Ohio Department of Developmental Disabilities **SELF** Waiver Participant Direction **Employer Authority**

- Employer Authority option is <u>not</u> mandatory for an individual to select under this waiver.
- Would only be applicable to the following services:
 - Support Brokerage
 - Community Inclusion
 - Participant/Family Stability Assistance
 - Integrated Employment
 - Participant-Directed Goods and Services

Ohio Department of Developmental Disabilities **SELF Waiver** Participant Direction **Employer Authority** • While research shows that Co-Employer/Agency with Choice is the preferred option of individuals, both will be available on the SELF Waiver - A private agency would act as the Employer of Record as part of the Co-Employer model • Under the Common Law model (where the individual is the Employer of Record), the FMS will act as the fiscal agent for purposes of payroll, withholdings, etc., on behalf of the individual. Ohio Department of Developmental Disabilities SELF Waiver Overview Support Broker • Responsible for providing the individual with representation, advocacy, advice and assistance related to the day-to-day coordination of services (particularly those associated with participant direction) in accordance with the ISP. • The Support Broker assists the individual with the individual's responsibilities around participant direction, including understanding Employer Authority and Budget Authority, and keeping the focus of the services and support delivery on the individual and his/her desired outcomes. · Other duties: Negotiating rates; helping select providers; communication and coordination with individual, SSA, FMS **SELF Waiver** Ohio Department of Developmental Disabilities Overview Support Brokerage (SB) would be a waiver service (and would be subject to Free Choice of Provider). • Service Limit for SB: \$8,000/year.
